8. OTHER BUSINESS:

B. LEGISLATIVE:

- i. Update and Possible Action Regarding P.A. 100-0023** *

The Fund's Legislative Liaison John McCabe was present.

Fund Counsel Burns advised the Board that P.A. 100-0023 allows for the assignment of receipts, or revenues that the City would normally receive from the State in annual payments, such as income taxes, sales taxes, motor fuel taxes and the like. The language in the Act gives a secured interest to bond holders which pensioners do not have. Pensioners claims, even if secured by the Constitution, are unsecured. The consequence of this language is that in the event of a bankruptcy bondholders would be in a better position to get paid than pensioners. The intercept language that was in SB 777 is also of lesser value to the pension funds since the assignment of receipts allows the City to direct those payments before the Fund would ever be able to intercept them. It was advised that all four pension funds meet to discuss these issues. Additionally our legislative liaison should watch on both the federal and state level for any movement for bankruptcy legislation. Executive Director informed the Board that the four pension fund executive directors had met to discuss this issue and the Municipal Fund is drafting language to attempt to lessen the impact of the new Act that they hope can move ahead in January.

Brady O'Connell from Callan was present to review the 3rd Quarter Report and indicated that the Fund was number 1 in its peer universe.

Trustee Summers inquired as to the impact the prospect of an increase in interest rates in 2018 would have on the Fund's portfolio. Most likely an increase in interest rates would impact fixed income and we could expect modest to negative returns.
